

THE SONG OF CREATION

**Chorus: The song of creation is the song of God's Spirit,
 Living and breathing all over the earth,
 Let us sing in praise of our God.**

1. From the depths of the earth to the mountain tops,
 The song of creation sings,
 O the wonder of God, the glory of God,
 O sing creation sing.

2. From the dark of the night to the morning light,
 The song of creation sings,
 O the splendour of God, the beauty of God,
 O sing creation sing.

3. In the searching mind, in the heart that loves,
 The song of creation sings,
 O the mystery of God, the wisdom of God,
 O sing creation sing.
